WORKFORCE READINESS

Job Expectations

We treat our programs just like a job site. Students are expected to attend class everyday and on time.

Wraparound Services

We offer full wrap around services to help students navigate through any of life's barriers such as child care, transportation, acquiring workforce clothing, etc.

Workshops

We offer resume, interview and financial literacy workshops to our students. These workshops are completely complimentary to equip them with tools that will support their success in their new field.
